

The Ohio Academy of Nutrition and Dietetics 101st Annual Conference, April 8, 2022 will be in person!

We are seeking proposals for educational sessions focused on practical application of research and insights into emerging research and trends that will capture the broad interests of RDNs, NDTRs, and dietetics students in Ohio and beyond. Along with education sessions, this event will provide mainstays of the OAND Conference experience: exposure to new products and services, awards and recognition for members from various practice areas, special sessions for students, and networking—all essential for advancing careers. All of this will be provided in a safe and engaging environment that participants can plan to attend no matter what the public health situation brings in 2022.

Speaker RFP Overview

OAND is requesting proposals for educational sessions that focus upon this year's theme "*Intersections of Evidence, Empathy, and Action.*" This theme recognizes that we are an evidence-based profession, that provides individualized care to all we serve. We would like to see this theme reflected in all proposals.

If you are a polished speaker with new research-based content to share with our attendees—who has not presented at our conference the past two years—please consider submitting a proposal. All proposals must be submitted online, and must be received by 5:00 p.m. on Monday, September 20, 2021. ***No e-mailed proposals will be accepted.***

Please review the detailed guidelines on the following pages before submitting your proposal.

Presentation Style and Format

- We anticipate that most sessions will be lectures. However, we are open to multi-speaker lectures or panels.
- Each session will run 60 minutes—please plan on 45 minutes of content followed by 10-15 minutes of moderated Q&A.
- Speakers will be asked to present in-person, with the knowledge that this could change to virtual if public health conditions change. If conditions change and you are asked to present virtually, you may be asked to record your session ahead of time but be available for Q&A on April 8.

General Guidelines

- All proposals must be submitted online <https://www.surveymonkey.com/r/JS62DN8>
- Proposals are due by **5:00 pm on Monday, September 20, 2021.**
- Late and/or Incomplete proposals will not be considered.
- Sponsored speakers/sessions will be considered, but the content must be educational and not commercial.
- If the speaker is not sponsored, the Ohio Academy will provide the following standard speaker package:
 - Complimentary conference registration &
 - Honorarium of \$250

Evaluation Criteria

Proposals will be reviewed and scored by members of the Conference Committee based on the following criteria:

- **Quality:** What is the overall quality of the proposal? Is it grounded in science? How clear is the writing?
- **Relevance:** Is the topic timely? Does the proposal address a cutting-edge concern for dietetics practitioners? Does it speak to all nutrition professionals (i.e. RDNs, NDTRs, etc.)?
- **Originality:** Does the proposal provide an innovative perspective or a unique approach to the topic?
- **Speaker:** Is the speaker a recognized expert in this topic area based on years of experience, research, or education? Will the speaker use a dynamic presentation style to engage the audience?

Proposal Requirements
